

I am writing to tell you at the FCC that I benefit from listening to XM Satellite Radio and its traffic and weather channels. Living in WV satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear.

I Respectfully urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I demand. and since I pay for it, deserve.

Thank You very much.
